7th MDSICON 2023

WELCOME MESSAGE

On behalf of the Movement Disorders Society of India (MDSI), the organizing committee takes pleasure to announce the 7th National Conference of MDSI (MDSICON 2023) on 16th March 2023 to be held along with the biannual Congress of MDS-AOS (8th AOPMC 2023) from 17th to 19th March 2023 at ITC Royal Bengal, Kolkata.

We cordially invite all of you to join us in this unique academic gathering in the “City of Joy” where we will roll out a fusion of national and international speakers to enlighten us. The program includes Lectures, Quiz, Debates, Knowledge Café, Video Challenge, Workshops and lot more. The participants will have the opportunity to attend the national as well as the international congress under the same roof.

Kolkata is awaiting to welcome you all. It is a city wrapped in history and has managed to keep her old-world charm intact despite the onslaught of modernization. The city offers a unique combination of heritage and culture, historical landmarks, charming neighbourhoods, and a vibrant society. This is the land of Nobel laureates and depicts the “Argumentative Indian” of Amartya Sen in its true and positive sense. Kolkata has been the cradle of music, art, and cuisine. Rabindra Sangeet, contemporary classical music, jazz, theatre, art galleries, restaurants, chai stalls; all thrive together in its friendly cosmopolitan atmosphere.

If you desire a visit to wildlife, the Sundarbans are not too far; if you dare to visit the mountains, the dizzy heights of the Himalayas are only a short hop away. And if you are a sports aficionado, the historic Eden Gardens, Mohanbagan, East Bengal, South club, Royal Turf, and the sprawling greens of the Golf clubs await to dazzle you.

We are excited to welcome you to the city of Kolkata for the 7th MDSICON / 8th AOPMC and look forward to your active participation in this academic extravaganza. We assure you that we will do everything possible to make your stay delightful.

See you in March.

Hrishikesh Kumar
